For the event to run smoothly, please take the time to note the following:

We shall be using transponder timing. A transponder and suitable tie will be issued to you for a **£20 RETURNABLE DEPOSIT**. If you ride Reading Track League and have your own transponder, we expect you to be using it, so your data goes directly to your web page. (there will be no spare transponders available on the day). The transponder needs to be fixed low on your front fork – please ask at sign on if you have any problems. For all other races you will be placed last if you do not have a transponder on your bike. Please make sure you have your transponder on during the open track for warm up, so we can verify it is working correctly.

We are running to a tight schedule, so please make sure you listen out for announcements and keep an eye on the race program – ensure you are at your station for the pursuits and the riders holding pen for races in good time – if you miss your slot/event you will be placed last – we will not wait.

PLEASE NOTE: In the event of all the U16 & U14 Boys signing on, this will exceed the track limit for their age groups, so as per the Series Regulation their competition will be run as follows: After the Time Trial, the appropriate omnium points will be awarded in order of time achieved and then the field shall be split equally. The fastest Rider in the Time Trial shall ride in Group A, the second in Group B, the 3rd in Group A, 4th in Group B and so on. For the remaining events each group shall race independently and score omnium points in accordance with the results in each event ridden. To gain the final overall result for the day the points of the two groups shall be combined with the rider with the lowest score declared the winner. In the event of a tie, the quicker rider in the time trial shall be placed higher.

Check result board for Sprint heats.

Immediately after every race the first three riders shall report to gear check. Do not return to the riders area before having your gear checked, or you risk disqualification.

U16s, if using extensions or a pursuit bike, must have their bikes checked and marked before the pursuit. This check is in addition to the usual gear check.

Helmets must be worn at all times when on a bike.

Do not take both hands off the handlebars to celebrate – you will be placed last.

Crossing the track shall only be possible between races and at the designated crossing point – please follow the instructions of the crossing marshals.
